

Washington National Monument.

As Elections for Members of Congress, etc., will be held during the ensuing months in several States of the Union, the Board of Managers have deemed it their duty to request the Judges or Commissioners who may be appointed to take the ballot of the voters, to put up boxes at the different localities where election will be held, for the purpose of receiving such contributions as the admirers of the illustrious Father of his Country may think proper to deposit in aid of the great Monument, now in course of erection in this city to his memory.

They feel assured that when this noble and patriotic purpose is presented to the people, they will not hesitate to give their mite for such an object; and it now becomes necessary, as the funds of the society are rapidly diminishing and may not soon be adequate to carry on the work. A small contribution from each citizen or voter throughout the United States, would be sufficient to complete the Monument, a work intended to add to their glory as well as to honor the memory of the illustrious dead. A half dime is but an inconsiderable sum, and yet a half dime contributed by every inhabitant of our country, would rear the grand structure, now in progress, to its destined completion. It will be pitiful, wondrous pitiful, if out of twenty-five million of souls who inhabit this great country, rendered independent, prosperous and happy mainly by his exertions and devotion to its cause, the sum necessary to erect a Monument worthy of such a man could not be completed for the want of a small pecuniary aid which every American should feel his pride, as well as his duty to afford.

At the last Presidential election, the plan of obtaining contributions at the Polls, (thus testing the patriotism and liberality of the voters and others) was attempted, though the previous arrangements were such as to insure a very full collection, the result was as satisfactory as could, under the circumstances, have been expected.

It is therefore desirable that this system should be continued in the different States at all future elections of a local or general nature; and the Board of Managers indulge the hope that on this occasion at the elections to be held in the respective States of Maine, Vermont, Massachusetts, New York, New Jersey, Pennsylvania, Delaware, Maryland, South Carolina, Georgia, Mississippi, Ohio, Michigan, Wisconsin, Illinois, Louisiana, and Florida, contributions will be made in aid of the Monument, worthy of the Countrymen of their illustrious benefactor.

GEO. WATTERSTON,
Secretary of the W. N. M. S.

Matters in and about Washington.
We take the following from the Washington Star of last Saturday:
THE INDIAN ANNUITIES.—The Indian Bureau are just now busily engaged in sending out the Government annuities due to the several tribes on our borders. To Michigan, they are thus to send about \$60,000; to Wisconsin, about \$30,000; to Minnesota, \$140,000; to the Central Superintendency, (the St. Louis District,) about \$250,000; and to the Southern Superintendency, about \$150,000.

The Chinese Mission was certainly tendered to the Hon. Wm. Allen, of Ohio, when recently in this city; but not the Mission to Paris, as insisted on by his most ardent admirers in Washington.

A dispatch on Monday gave us the following concerning New York affairs:
The letters of Collector Bronson and Attorney O'Connor have produced immense excitement. The course pursued by these gentlemen and some other New York matters will be thoroughly discussed. The Cabinet is a unit; and it is believed that the President will pursue a decided course. Action is the word, and if there are not some speedy deceptions in the Empire State I'm much mistaken.

The garotte or guillotine will be summarily used, and the policy of the Administration will be carried out at all hazards. As the spoon used to stir the coffee for six persons, remarked: "these are stirring times." This will be a very stirring week. There has been one victim already; an officer in the Custom House at Buffalo has been garotted by order of Secretary Guthrie because of the disorganizing course pursued by him.

A PILL FOR THE DOCTORS.—The celebrated Dr. James Johnson, editor of the London Medico-Chirurgical Review, thus unobscurely himself:—"I declare my conscientious opinion founded on long experience and reflection, and if there was not a single physician, surgeon, apothecary, man-midwife, chemist, druggist nor drug on the face of the earth, there would be less sickness and less mortality than now prevails."

A cross having been erected upon the new Church of the Holy Trinity, (Episcopal), at Hudson, a portion of that church objected. Some differences have ensued. On Tuesday night some one climbed to the roof and sawed off half the cross, by way of a compromise.

Some one, looking at a rich man said, "Poor man, he toiled day and night until he was forty, to gain his wealth, and he has been watching it ever since, for his vicuals and clothes."

We know some men who are in the same fix, and do not have very good vicuals or clothes, at that.

He who flies too near the sun of honor will have his wings melted by ambition.

The glow of sunset is the reflection of the hedges of roses around Eden.

Prospectus of the Wyandot Pioneer.

In view of the rapidly improving condition of the county of Wyandot and town of Upper Sandusky, and for other reasons not necessary to be mentioned, I have purchased a press, type and other printing material for the enlargement of the PIONEER. It is my intention to attempt to get up a large and neat paper as any one printed in any of the adjoining counties; and in so doing, I shall have to look to the citizens of the county for the support necessary for its continuance. The liberality of the people will, therefore, determine the success and publication of the paper, and it will be expected that each man interested in the future growth and prosperity of Wyandot county will freely lend his aid in securing subscribers.

The PIONEER, in politics, will be Democratic and at the same time, claim nothing for itself that will not be extended to others. While the editor has his peculiar notions of political and other matters, he believes that other men have alike privileges to their opinions. Although I may publish a political paper, it must and will be free from all factions, and controlled solely by the editor. When I say this, it is not my intention to say that the advice of friends will not be received, for I shall, at all times be pleased to counsel with my friends upon all matters pertaining to the best interests of our county and the publication of the paper. If however, I might differ with others in opinion, that difference can alone be changed by a full conviction of my error.

The Farmer shall not be neglected, as a good portion of the Pioneer will be devoted to his interests. A gentleman of ability, has kindly consented to aid me in this department of the paper, and with his aid, I hope to be able to render the country subscribers, good service.

The mechanic and laborer will always find the columns of this paper open for the defence of their rights and the advancement of their property. In fact all classes will find our paper ready to vindicate every thing calculated to promote the greatest good to the greatest number.

With this exposition of what the Pioneer will be, I ask every gentleman, who can, to come up and subscribe, and get as many more as he can to do likewise. The prosperity of every town and country depends more or less upon the paper of the county; and that the paper may be what it ought to be, let it have a good living support.

Job Office.—The selection of job type in the Pioneer office being large, job work of every description will be neatly and expeditiously executed, at low prices.

The following rules and charges will in every particular be strictly observed, and it would therefore be well for subscribers to observe these rules:

Terms of Subscription.

The paper will be published weekly, per year if paid in advance, at \$2.50

If not paid till the expiration, - - - \$3.00

Six months, if paid in advance, - - - 1.50

If at the expiration of six months, - - - 1.00
